Outdoor classroom areas

During today's INSET day, the staff have been busy restructuring and renovating the outdoor areas for each class. We are grateful to the PTA for funding this work and for helping us enrich the pupils' education. Developing these areas is a priority for us as a school, and they will be used as part of the school's Play Continuum structure. Our Play Continuum is based on providing real-life, exploratory experiences for the pupils in order to promote their independence and enterprise. Thank you to the staff for their hard work in developing these areas.
