Ysgol Treganna

Weekly Newsletter

This week

Welcome back, everyone, to the Autumn term. We look forward to another busy and exciting year at Ysgol Treganna! A special welcome to the Nursery and Reception children, as well as the new pupils who have started at the school this week. Everyone has settled in well, and it has been lovely to welcome the whole Treganna family back to school.

The term dates have been sent to you today, including details of this year's INSET days. We will be adding to these dates during the term and will confirm exactly which days the Christmas shows will take place in December.

We will be sending correspondence to you as parents every Tuesday and Friday. On Tuesdays, we will send you the Weekly Link via the Group Ed app/email. The Weekly Link contains specific information about the arrangements/events for your child's class. On Fridays, we will send you the Weekly Newsletter via/email. The newsletter celebrates the week's successes and shares whole-school matters/events.

If you have any concerns or wish to contact your child's class teacher or a member of the leadership team, we kindly ask you to phone the reception or send an email (ysgoltreganna@cardiff.gov.uk). We will respond as soon as possible.

We very much look forward to working with you and your child this year.

Calendar

Open Evenings

Week beginning the 15th of September.

Welcome to Treganna (PTA Event for New Parents) Thursday afternoon, 18th of September.

Meet the Teacher Sessions

Meet the Teacher sessions have been scheduled for this month. The purpose of these sessions is to provide parents/guardians with the opportunity to meet their child's class teachers, ask questions, and receive information about class arrangements. Due to limited space and supervision, we kindly ask that only parents attend these sessions. Could you please indicate on this form whether you will be attending the meeting? Thank you.

THE KIDSLINGO FRENCH & SPANISH KS2 PROGRAMMES

The Kidslingo French and Spanish programmes are designed to meet the requirements of the Curriculum for Wales International Languages Area of Learning, as part of a broad and balanced education.

- We provide MFL support to schools via: * School clubs (breakfast, lunchtime and after school) * Curriculum classes (PPA cover)
 * Language enrichment days * Secondary school transition classes.
 We aim to inspire children to learn French and Spanish through the structured use of songs, actions, rhymes, game play, stories and
- We want pupils to experience language learning via a positive, exciting and fun methodology, developing their skills in speaking, listening, reading, writing, phonics and gramma

Kidslingo teachers are passionate expert linguists. They are enhanced DBS checked, safeguarding trained and fully insured.

TOPICS

The Kidslingo KS2 programme is designed to spark imagination and develop independent language learning through a wide range of topics e.g.

- All About Me
- Summer Holidays
- Me & My Family Sport
- Clothes & Weather French/Spanish
- My Pets • School Life
- Culture House & Home

(and many more)

Our philosophy is to inspire young children to love languages

"I love learning another language! It's fun to learn how to speak to people around the world and find out about different cultures."

Pupil age 8 years old

"Kidslingo have significantly transformed our current languages provision at our school. We have never had so many highprofile children fully engaged in their language learning as much as now." Languages Lead, Primary school

ADDITIONAL RESOURCES

We use a range of resources to scaffold children's learning including the Kidslingo games website, worksheets, word mats and knowledge organisers.

WHAT WILL CHILDREN LEARN?

We aim for children to be able to understand and communicate in French/Spanish by developing skills in listening, reading, speaking and writing. They will learn a range of French/Spanish language, vocabulary, grammar and phonics and how to use it to communicate with French/Spanish speakers in real life situations.

Learning a new language also helps children to develop their cognitive skills, such as problem-solving, critical thinking and attention to detail. These skills lead to better academic performance and can have a positive impact on pupils' overall mental health and well-being.
